

## Ada & Archibald MacLeish Field Station

80 Poplar Hill Rd., Whately, Massachusetts

Center for the Environment, Ecological Design, and Sustainability [CEEDS]

---

### Directions to the MacLeish Field Station

#### *From Smith College*

Take Route 9 West.

Go straight, through 2 stop lights. The first is at the intersection in front of Cooley Dickinson Hospital; the second is in Florence at the Chestnut Street intersection.

At the third stop light in the center of Florence (the Pizza Factory is on your right, office building on your left), turn **right** onto **N. Maple Street**.

Continue straight through the light at the intersection of N Maple Street and Bridge Road. You will pass recreational fields on your right (Arcanum Field). The road will change names to **N. Farms Road**. Follow the road until you come to a stop sign.

At the stop sign, turn **right** onto **Mountain Street**. Follow the road, passing the reservoir on your right. After you pass the reservoir, the road will become very curvy. Take your first left onto **Webber Road**. If you miss it, proceed to your very next left, Strippe Road, shortly thereafter. It will bring you to Webber.

Follow Webber Road. Pass Conway Road on your right, and take the very next right, up hill, onto **Poplar Hill Road**.

Please proceed slowly and carefully along this road. Once the road turns to dirt, please be respectful of our neighbors and slow down (15 mph). The Field Station is at the very end of the road. Parking areas are marked.
